This bag is durable, washable, packable and perfect for many things, such as: general shopping bag (not just for groceries), beach bag, quick cleanup for the unannounced Mother-in-law “pop in”, camping gear, swim lessons, ski gear, pseudo-suitcase, muddy boots, farmers market, backseat garbage bag, or anything that needs carrying (but, not kids).

Fun Facts: Three of these will fit side by side in one of our Extra Large Heavy Duty bags. Because it is made of woven polypropylene, it is durable and easily washable with a mild soap and water. Wipe or line dry.

This bag is durable, washable, packable and perfect for many things, such as: carrying that 50 pack of razors, 2 rotisserie chickens and 18 pack of muffins you just bought at your favorite “club store”, barn bag, yard cleanup, laundry, gear of all kinds (skiing, camping, hiking, sports, you get the idea), beach/boat bag, spectator bag (holds a couple of bleacher seats, red cups, snacks and a blanket), stand in it to take off a wetsuit or muddy clothes, keep everyone’s junk separated and organized in the back of the car or garage. FOREMOST REUSABLE BAGS

We are new to bags, but have been in the woven poly tarp business for over 40 years. Foremost Tarp Company and our Dry Top® brand of products are synonymous with quality. We feel there is very little difference between a single use plastic bag and that of a low quality “re-usable” bag. We have carried our attention for function and durability into our reusable bag program.

NOT JUST FOR GROCERIES!

Our bags are currently offered in 5 sizes with multi-purpose in mind. Sturdy and easily washable, the Foremost Reusable Bag is ideal for shopping, camping, storage, jobsite, car trunk, boating, gift bag, beach, laundry, ski gear, muddy or wet clothes, sports equipment, the barn and so much more.

FROM EXPENSE TO PROFIT

We have hand-picked all of our bag patterns and designs because we feel a durable, great looking bag (even with a slightly higher retail) will generally outsell a boring, low quality bag. There are many cities, counties and states that are passing legislation banning single use plastic bags. When required to buy and use a reusable bag, consumers are going to want one that they are excited to carry and that will last. Turn what was formerly an expense into one that generates a profit.

BRANDED BAG PROGRAM

We developed our Branded Bag Program to fill many needs in multiple markets. We can add your logo to any of the designs you will find on the following pages (placement varies). Do you have your own design or not interested in any shown here? Then contact us for a completely custom bag.
