2" 18V LI-ION 2500 RPM AUTO-FEED SCREWDRIVER

Powered by an efficient brushless motor, this high torque auto-feed screw gun includes an extended life 4.0Ah battery and a variable speed selector for heavy steel, a quick release feed system with our patented corner fit technology. The DS222-18V also features feed on return - the next screw is aligned with the bit for better line of sight and easier, more accurate screw placement.

TOOL OVERVIEW

- Patented corner-fit feed system
- Detachable feed system to expose bit for quick reversing
- Selectable 2500/1600 RPM high torque brushless motor
- Precise depth of drive adjustment with depth lock
- Quick slide button bit change
- 4.0Ah Li-Ion extended life battery included
- Quick charge battery charger
- Tool-free screw length adjustment
- Variable speed trigger with lock and reverse
- Adjustable belt hook

APPLICATIONS

High torque applications including metal framing/decking, crating, and gypsum/sheathing to heavy steel.
