

MILWAUKEE HAND TRUCKS

THE GLEASON GROUP OF COMPANIES

Gleason is a fully integrated manufacturer who converts raw materials to manufacture the products and component parts we sell. Gleason has been in business since 1946. With over one million feet of manufacturing space, we have the flexibility to react as market conditions fluctuate and/or our customers' needs change.

Milwaukee Hand Trucks are made and assembled with pride in our automated manufacturing plants right here in the U.S. Under the Gleason Corporation umbrella, Milwaukee Hand Trucks are built from scratch utilizing Gleason's vast resources including:

- Research and Design
- Customized and Private Label Manufacturing
- Metal Fabrication
- Powder Coated Painting
- Fabric Sewing
- Assembly
- Distribution
- In-Store Racks, Shelving, Carts and More
