

Features:

- Maximum air velocities = maximum cooling
- Extremely quiet operation: Use Anywhere
- Impact resistant polypropylene housing, OSHA guarding
- Air sweep feature for maximum space coverage
- Adjustable louvers: up & down airflow direction
- Props matched to motor for optimum efficiencies
- Motor: TEAO, IP55 rated, thermally protected, ball bearings
- OSHA spaced guarding
- UL recognized: US & Canada, CE certified
- Wall mounted or mobile floor option with wheels
- Multiple color trim options available
