

The Level and Laser Leader

COMBINATION LASERS

ABOUT JOHNSON COMBINATION LASERS:

Carrying multiple tools to and from the job site is not only time-consuming, but also gets heavy. The Johnson Level Combination Dot and Line Lasers allow you to be prepared for any alignment or leveling task. With the advances in laser levels, Johnson Level developed a multi-functional tool to combine the uses of dot and line lasers. With the Johnson Level Combination Dot and Line Laser, the correct tool to do the job is always by your side.

SELF-LEVELING 360° LINE LASER WITH 4 HORIZONTAL DOTS

FEATURES:

- Self-leveling 360° continuous horizontal laser line with four laser dots at 90°
- Visual and audible alarms when beyond leveling range
- Locking mechanism protects pendulum during transportation
- Manual mode allows unit to tilt to extreme angles
- Laser can be set to pulse for use with optional line detector (not included)

23J471 INCLUDES: Laser, 4 "AA" alkaline batteries, wall mount bracket, mounting strap, instruction manual with warranty card, soft-sided carrying case

23J478 KIT INCLUDES: Laser, 4 "AA" alkaline batteries, detector with 9V battery and clamp, wall mount bracket, mounting strap, instruction manual with warranty card, soft-sided carrying case

SELF-LEVELING COMBINATION CROSS-LINE AND 5 BEAM LASER DOT

FEATURES:

- Locking mechanism protects inner pendulum during transportation
- Manual mode allows unit to tilt to extreme angles
- Projects five self-leveling beams and two cross-lines simultaneously
- Able to control beams and cross-lines separately
- Self-leveling with visible and audible alarms when beyond leveling range
- Laser beam can be set to pulse for use with optional line detector (included in the 23J479)

23J473 INCLUDES: Laser, multi-functional magnetic base, 3 "AA" alkaline batteries, mounting strap, magnetic target, tinted glasses, instruction manual with warranty card, hard-shell carrying case

23J479 KIT INCLUDES: Laser, multi-functional magnetic base, 3 "AA" alkaline batteries, detector with 9V battery and clamp, mounting strap, magnetic target, tinted glasses, instruction manual with warranty card, hard-shell carrying case

SELF-LEVELING COMBINATION 3 LINE OR 3 BEAM LASER DOT

FEATURES:

- Projects three lines or three dots
- Locking mechanism protects inner pendulum during transportation
- Manual mode allows unit to tilt to extreme angles
- Self-leveling with visible and audible alarms when beyond leveling range
- Multi-functional magnetic base with rare earth magnets for use on walls, metallic surfaces or tripod

23J472 INCLUDES: Laser, multi-functional magnetic base, 3 "AA" alkaline batteries, mounting strap, magnetic target, tinted glasses, instruction manual with warranty card, hard-shell carrying case
