LED WORKSITE LIGHTS

- **DESIGNED FOR PROFESSIONALS**
- **BRIGHT NEVER BLINDING**

For Public Safety professionals, the adaptability of Volterrex extremely bright and portable diffused light solutions quickly enhances visibility amid the chaos of a nighttime emergency. The quick deploy lights help first responders and emergency teams more quickly establish safe incident command posts and triage areas.

Volterrex's proprietary technology delivers comfortable and clean glare-free light you can actually work around without the blinding intensity of most LED and halogen work lights. Highly portable, easy to use and available with several mounting options, Volterrex's balloon work lights deliver the illumination essential for assessing hazards, performing rescue or field triage operations, and conducting thorough investigations.

Featuring a rugged design backed up by a three-year warranty, Volterrex balloon lights improve overall situational awareness more affordably than other high lumen light products for years of rapid deployment.

Visit Volterrex.com for more product details and contact your Volterrex account manager to purchase the balloon work lights that will improve first responder scene lighting and disaster response efforts.

FEATURES AND BENEFITS:

360° Illumination

Creates a dome of brilliant illumination in every direction.

Durable

Built to endure worksite wear and tear for years.

Maximum Control

Dimmable brightness from 100%-10% for perfect illumination indoors or out.

Remote Control

Complete handheld control, even when the light is out of sight.

Quick Set-Up

Deploy lights in seconds for more efficient workflow.

Cool to the Touch

Integrated heat sync keeps worksites cool and the lights ready to reposition.

Portable

Light kits include a sturdy six-foot telescopic tripod, and range of hanging accessories to set-up anywhere.

Powerful Diffused Light

Durable diffusion balloon eliminates blinding light and color distortion while minimizing eye strain.
